Beautiful Christmas Pyramid made by the small workshop of Theo Lorenz. The Christmas Pyramid turns by the rising heat of the candles. Theo Lorenz is a very small workshop that does not produce large volumes which makes this pyramid something special for your Christmas Eve. The Lorenz company is situated in Seiffen, the heart of German Erzgebirge craftsmanship. This 3-tier Christmas pyramid has an excellent price compared to its size of 41 cm / 16 inch. It is hard to find an original Erzgebirge Christmas pyramid that offers the same for this low price.
