This glass arch makes a beautiful stage for the flax haired figurines by Flade. The background is a glass picture, manufactured by the artist Ute Meinke in Olbernhau. It is replaceable and can be exchanged for the same motive in different seasons. These glass pictures with the apple tree during the other three seasons are also available on our website.

The platform in front of the glass picture has two embedded tea light holders and can be decorated with flax haired figurines at choice. Figurines are not included in delivery.
