Model: 081-10-107

Manufacturer: Drechslerei Kuhnert

Productlink: https://www.erzgebirgepalace.com/info::18067.html

With the Hobaku® DIY kits by Kuhnert everyone can easily assemble pretty woodcraft. The kits are also suitable for children over 5 years when supervised by a grown-up. They are not suitable for children that are younger than 3 years, as the small parts might get swallowed. For the assembly it is recommended to use wood glue, which is not included in delivery though. The article can be painted and decorated according to your own ideas. The original colors can be seen on the picture that shows the single parts.
